Ohio Attorney General's Office - Bureau of Criminal Investigation (BCI)
Quarterly Laboratory Drug Cases Report - Q1 2019

The purpose of the following report is to provide law enforcement with a brief snapshot of statewide and regional drug trends in Ohio, based on internal BCI statistics. The data shown is based on reporting of drug case testing results by BCI laboratories. The following data represent the drug cases reported by BCI laboratories during the period of January 1 - March 31, 2019. While these numbers reflect cases reported in the 1st quarter, they may have been submitted during a previous quarter. A substance is counted each time it was reported in a drug laboratory case, either by itself or in combination with another substance.
